FATHER JAMES IS PICTURED WITH LAMAR-LANE SALES-  
MAN J.C. KOENIG

When I was ready to trade my old car in on a new model I took the advice of a very good friend and went to Lamar-Lane Chevrolet to see what they had in stock. Much to my surprise they had many, many models from which to choose.

From the very beginning, I received a warm welcome from J.C. Koenig who showed me the exact car I wanted at a price I could not say no to.

I would like to recommend Lamar-Lane Chevrolet and J.C. Koenig to all of my friends.

and failure to yield right of way resulted in 22 accidents each. In third place comes following too close, causing 14 wrecks. Running red lights caused 5; running stop signs, 4; brake failure and speeding, 3 each; low limbs and driving while intoxicated, 2 each; and faulty steering and blackout each caused 1.

In the remaining 3 wrecks in 1967, no cause was shown, as no tickets were issued. (Tickets are not issued when offending parties agree to make settlement among themselves.)

The year's two pedestrian fatalities resulted from stepping into the path of an oncoming vehicle and the second from a hit and run accident.

The Chamber of Commerce recommended to the Board of Supervisors that a planning commission be named to enforce subdivision regulations in the county for good land usage.

## BOMEX . . .

(Cont. from Page 1-A.)

port Department to design and develop data acquisition equipment for the experiment.

GE-MTSD's BOMEX team, headed by Program Manager Paul T. Mowery, began work immediately in October on the design, component procurement, development, fabrication, manufacture, and assembly of six Signal Conditioning and Recording Device (SCARD) systems. The seven-track systems, installed on five special oceanographic vessels, will be used to continuously acquire, condition, calibrate, and record, for later processing at the Mississippi Test Facility, the voluminous data measurements. Each system is contained in two six-foot high metal cabinets.

First of the systems, SCARD-1, was scheduled to be installed on the U.S. Coast and Geodetic Survey ship "Discoverer" in March of this year. When it was learned recently that the ship would depart Miami, Florida, January 28, on a six-week mission in the Atlantic, the opportunity arose to subject the SCARD system to a shake-down sea trial. This would permit operational evaluation, and any modification necessary to the six units prior to the BOMEX project.

The GE team completed and successfully demonstrated SCARD-1 to NASA and other government officials on January 20, 15 days ahead of an already tight schedule. The equipment was trucked to Miami and installed aboard the "Discoverer" two days before sailing.

With it went C. Wayne Masters and Ronald F. Kujat of GE-MTSD and E. Glade Woods, NASA/MTF technical representative. It is reported that the new equipment is performing well.

E.W. "Van" King, Manager of the NASA/MTF BOMEX Project Office, expressed praise and appreciation to Mowery and the GE BOMEX team for their accomplishment.

Mowery said production, testing, and delivery of four additional SCARD systems has been completed, and the last should be delivered to NASA on or about February 14.

## Committee on Alcoholism Plans Organizational Meet

A pre-organizational meeting for the development of a Gulf Coast Committee on Alcoholism will be held on Thursday, Feb. 13, at 8 p.m. The meeting will be held in the new cafeteria building (directly across from the St. Augustine Gym) at St. Augustine Seminary, Bay St. Louis, and is open to all who are interested.

The primary purpose of this meeting is to pool the ideas of all persons who are knowledgeable and or concerned about this growing community problem, and to select a committee of volunteers who will serve for a two or three-month organizational period. The committee will be composed of some 12-18 individuals from the professions, the judiciary, law enforcement departments, Alcoholics Anonymous, Al-Anon, industry, law-making bodies, civic groups, and others who again, are knowledgeable and concerned. This will be a working committee whose function will be to formulate a concrete plan of action based on their study of community needs and resources.

Implementation of the group's findings and recommendations will result in the dissolution of the committee and the beginning of a program of information, referral and treatment similar to that presently directly and personally serving over 3,000 persons per day in the city of New Orleans.

**Join Oldsmobile's Great 88 Escape**  
Step into the big-car world without overstepping your budget.  
Once you move into 88's big-car world, you've got yourself a lot of basic value.  
But we don't stop there. We always put extra values into an Olds 88 that keep it way ahead of its price.  
Like new guardrails built in the doors for added security.  
And a new anti-theft ignition, steering and transmission lock system.  
Even a pushbutton ashtray.  
They're little things that make the big things about an 88 that much more enjoyable.  
The smoother, softer ride on its new, longer, 124-inch wheelbase.  
The quiet comfort of that roomy, big-car body.  
And the big, responsive Rocket V-8 engine.  
Go let an Olds dealer show you: you're closer to Olds than you think.

## KANTCHA KETCHUM

By L.S. (Doc) Elliott

Seems like most folks were busy over the weekend attending the carnival parade in Waveland, which was a gala affair, trying to catch fish which wouldn't bit or readying their boats, motors, etc., for some good fishing, which should come as the weather levels off with the approach of spring. After the recent rains the water most everywhere is bad in the bays and rivers. To catch fish, good water must be found.

Good news comes from those seeking speckle trout. Some were caught off the highway bridge and at the mouth of Jordan River. They are evidently coming in again.

Fred Garner caught a few up Jordan River and Dave Lader hooked a couple off the highway bridge.

Something new, if you have a rod or reel that you need fixed, see Carl Bandner at Kingston's Barber Shop.

Mississippi Marine Conservation Commission has declared offshore oyster reefs along the Gulf Coast off limits to dredging this year because of the low number of oysters on the reefs.

The commission agreed to close the reefs to dredging this year on recommendation of commission biologist William J. Demoran.

American Indians used the Osage orange and hickory trees for their bows and arrows. Don't know what kind Paul Vegas uses, but he was telling us of the deer he killed with a bow and arrow. Paul also fishes and shoots stingers out in the marshes with that kind of weapon.

Our fishing buddy George Wedemeyer has put in a stretch in the hospital, but is out and ready to do some fishing.

J.V. Bonemps was over from Biloxi visiting relatives. J.V. did quite a bit of fishing while living in the Bay. It was good to see him.

Bob Dahlstrom and his wife, Nell are back in Bay St. Louis after about two years spent in Maryland and Washington. Bob says he is going to start back to fishing. He is with NASA at Michoud again. Welcome home folks.

Lee Bourgeois is another of those guys who fishes, crabs, catches oysters, shrimp and what-have-you. He said he just likes to be outdoors.

Learned something from Eddie Marquez. He claimed that mullet have gizzards. They have, -ate some the other night.

Howard Harper doesn't fish very much. His favorite pastime is playing golf. Howard's home is on the fifth hole at Pass Christian Isles Golf Course. That do make it nice, don't it?

The Saints Basketball team will be in Bay St. Louis again on March 5th to play Trapani's Knock-Knock team. The game is for a benefit and should be a sell out. It's of the Bay High Tiger Domo.

George Lewis, who lives on the Kiln Road, takes advantage of the good fishing in that section and gets his share of fish. M.O. Pigott of Piquette has been fishing and hunting in the Pearl River section from Logtown up for a long time. He is good at both sports. M.O. talked about some old timers we knew such as Joe Jones, Bob Genn, Albert McQueen, with whom he fished and hunted. Ducks, squirrels, rabbits and turkeys were plentiful in those

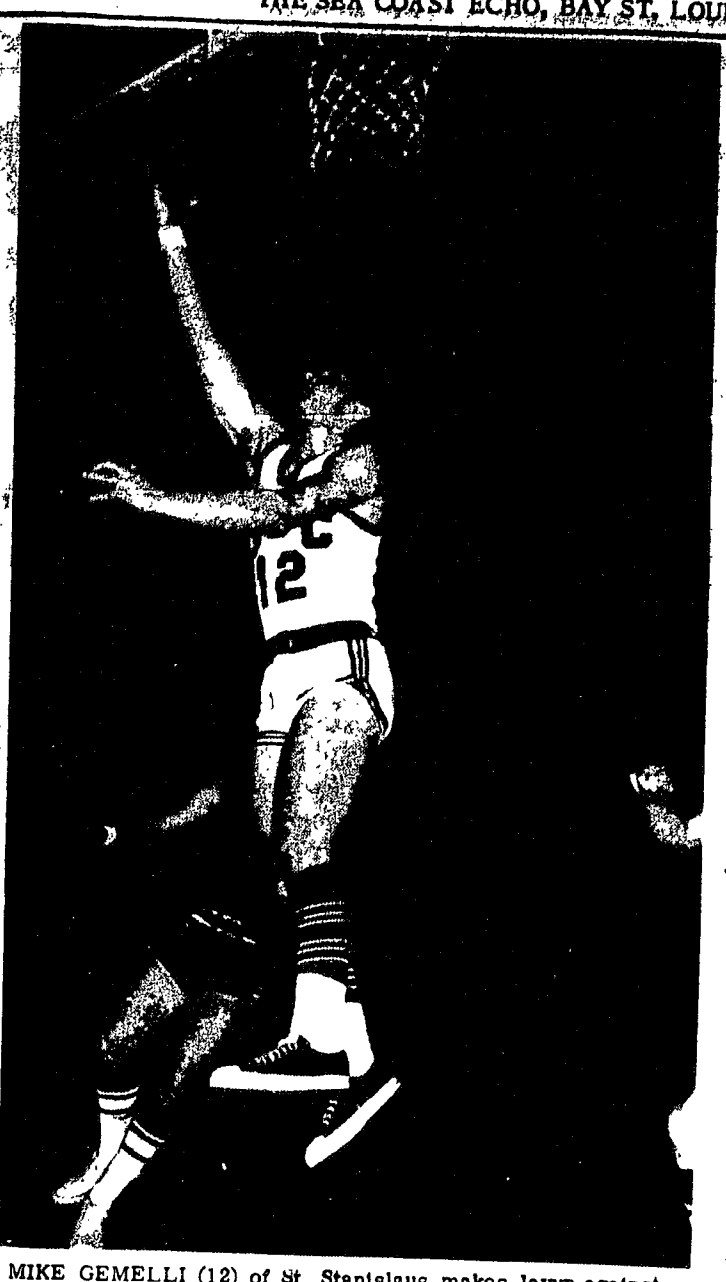

days and the limits were much higher than they are now.

Be careful about carrying fishing rods sticking out the doors of automobiles. Closed the door on one of my casting rods the other day, breaking it. How stupid can a man get?

Sportsmen shouldn't miss the Louisiana International Sports, camping and vacation show at the Rivergate in New Orleans, Feb. 8 to 14. Visitors will be exposed to hundreds of exhibits of fishing, hunting and camping equipment. Also indoor skeet shooting, fly and casting exhibitions.

Mike Gemelli (12) of St. Stanislaus makes layup against Gulfport East in the Sub-District playoff at Biloxi High last Friday night. St. Stanislaus won 76-64 over the high scoring Vikings.

MIKE GEMELLI (12) of St. Stanislaus makes layup against Gulfport East in the Sub-District playoff at Biloxi High last Friday night. St. Stanislaus won 76-64 over the high scoring Vikings.

## Tigers, Tigerettes Take Two Big Wins

The Bay High Tigers of Coach (Wimpy) Seymour closed out their 1968-69 home basketball season on a high note by soundly defeating the Pearl River Central Blue Devils 81-36.

The Tigers took the lead by 9 points in the first period before John Lumpkin sank a free throw with four minutes left in the period, making the score 8-1. The Tigers closed out the period with a 20 point lead 26-6. Coach Seymour cleared his bench in the second period and the score at the half stood at 44-18.

The starting five for the Tigers, Mike Benigno, Bob Boyd, Jerry Johnston, Mike Cave, and Dick Kolstad, played only briefly in the 3rd period and the game was turned over to the second stringers.

Kenny Miller led the Tigers scoring with 18 pts., Dick Kolstad, Wendell Williams, and Waldon Curry scored 10, 11 and 12 points respectively in support.

Dick Kolstad led the game's rebounding with 13.

In the girls game the Tigerettes of Coach Billy Sills, coming into the game fresh from a Gulf Coast Conference championship, easily defeated Pearl River 37-28. The victory was the 21st out of 25 starts for the Tigerettes.

Noel Phillips was the Tigerettes high scorer with 13 points. Marsha Compretta and Marianne Smith chipped in with 11 and 10 points in that order for Bay High. Ann Lumpkin was high scorer for Pearl River with 14 points.

The Tigerettes defense led by Debbie Weidman, Jeanette Johnson, Karen Dean, and Susan Perry played another superb game, as they have all year, in leading the Tigerettes to victory.

The Tigerettes play again on Thursday evening at 5:00 p.m. against St. Martin in the District 8 Tournament at Piquette.

## Hancock Drops Gulfport East

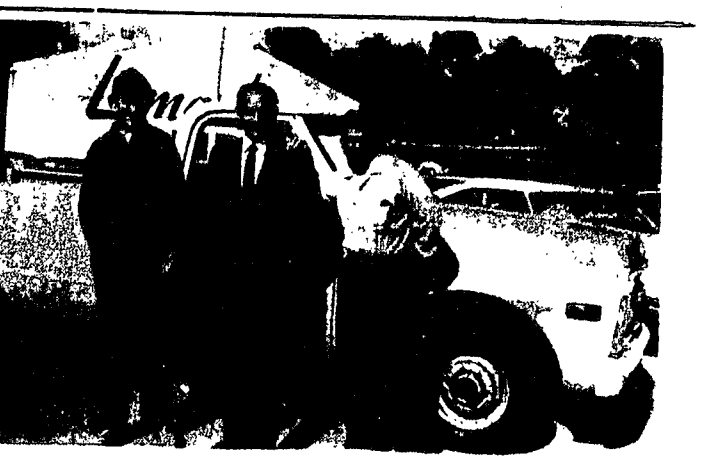

The Hancock North Central Hawks built up a 13-point lead after three periods and held on to defeat the Gulfport East Vikings 79-71 Tuesday night in a high school basketball game at the Gulfport East gymnasium.

The victory was the 22nd in 29 starts for the Hawks of Coach Roland Lader while Coach George Rosetti's Vikings are 19-9 for the season.

Five Hawks scored in double figures as Hancock raced to quarter leads of 17-16, 41-29 and 57-44.

Eddie Lader was Hancock's big gun with 30 points, but he got help from Clyde Moran with 15 points, Greg Shaw with 14, and a Louie Lader, and Guy Nocalise with 10 each.

Jim Danhoff paced the losers with 23 points, with Purvis McBride adding 11 points and

MR. HENRY BERNOS AND FRIEND EDDIE WOODS ARE SHOWN WITH LAMAR-LANE SALESMAN J.C. KOENEN AS MR. BERNOS TAKES DELIVERY OF HIS NEW PICK-UP TRUCK.

When I decided to buy a new pick-up truck my friend Eddie Woods recommended Lamar-Lane Chevrolet and salesman, J.C. Koenen. I drove to Lamar-Lane in Bay St. Louis and told J.C. just what I wanted. Sure enough, they had the exact car I wanted in just the color the whole family liked, in stock.

I express my sincere thanks to J.C. and sincerely recommend this fine dealership.

### Weston-Griffin Betrothal Told

Mr. and Mrs. Charles Edward Weston, Arcadia Road, No. 2, Pass Christian, announce the engagement of their daughter, Catherine Elizabeth, to Lavelle Griffin, son of Dr. and Mrs. John Louis Griffin, of Bay St. Louis.

Miss Weston, a 1965 honor graduate of Pass Christian High School, is a senior at Mississippi State University where she is majoring in chemistry and zoology. She is a member of the American Chemical Society and a Dean's List scholar.

Mr. Griffin graduated from St. Stanislaus College in Bay St. Louis. He attended the University of Southern Mississippi and received his BS degree in Industrial Engineering from Mississippi State University in 1968 where he was a Dean's List scholar. He is employed by the Union Carbide Corporation in Avondale, La.

Miss Weston is the granddaughter of Mrs. Benjamin E. Brown, Roseville, Mich. and the late Mr. and Mrs. Frank P. playing football.

A GET WELL wish is also on the way to Ann (Mrs. Jim) Westendorf who is recuperating at her home following recent major surgery. She expects to be able to return to work in about a month.

WE HOPE that Genevieve (Geebe) Mollere will be well enough to have returned to her usual busy schedule by the time we go to press. She was admitted to Hancock General Saturday morning.

AT LAST Rose Richard is able to use her right arm again, although she must wear the cast on the left one for at least one more week.

PAT AND JOE Vigerie drove to Meridian Friday to view their daughter Janie in the state Junior Miss Pageant.

A BELATED BIRTHDAY greeting goes to Uddell Favre who cut her cake on Sunday, Feb. 2.

MRS. JAMES ROBERT returned home from Pensacola last Tuesday. She visited her sister Mrs. Edwin M. Hacker, who also had as her guest, their first cousin Mrs. W. T. Bell of Montclair, N.J. Mrs. Robert was hoping both her sister and cousin would come to Waveland, but they decided to hold the reunion in Florida instead.

WE REALIZE that we've had some pretty thick fogs of late, but the best tale we've heard to date is Gerald Price, Jr.'s experience during the wee hours Saturday morning. He was stationed on the gates at the entrance to MTF when a car crept warily up to his post and the drive handed him a quarter. It seems that the gentleman, who was completely sober, by the way, was enroute to Gulfport and thought he was crossing the Bay toll bridge!

CAPT. AND MRS. Harold Powell attended the Ball of Mithras in The Crescent City last Thursday night.

A HAPPY BIRTHDAY wish goes to Neilyn (Mrs. Nick) Nichols who celebrated on Friday, Feb. 7.

BRAND NEW parents Leatrice and Leonard Rasmussen are simply overwhelmed by the (Cont. on Page 4-B.)

SUNDAY, FEB. 9 was 'Cap' and Henry Capdepon's 48th wedding anniversary and it was celebrated in great style at a family dinner. Four generations were on hand to toast their hosts, including First Lt. Henry Capdepon, wife Charlotte and children Bridget, Henry, III, and John Wesley; and Charlotte's mother, Mrs. Edna Russ. Also Elsie Mae and William Higgins, Billy, Janice and Jean Higgins, a married daughter, Barbara McNally and sons Bobby and Michael, and of course Gladys and Lamar Bassett. The Capdepons' other daughter Gloria (Mrs. Chuck) Bolin was unable to come all the way from California for the occasion, but we're sure some telephone congratulations were received from the Bolins.

IDA AND JACK KRAMER became grandparents of a whopping nine pound grandson last week and Jack has pictures to prove it! The new arrival was their son Johnny's first born.

OUR ESP must be working overtime! In last week's column we mentioned the fact that Marion and Larry LeBon's lovely daughter Suzanne was to become a bride, and received a note from Larry enclosing the formal announcement at just about the time he was reading his copy of the Echo.

ALSO NOTED was the fact that we hadn't heard from Nell and Eddie Bourgeois regarding their annual appearance in the Elks parade, and her son also arrived long before Nell could have seen a copy of the Feb. 6 issue. They pass on the information that they'll be riding on truck No. 118, entitled It's a Mod Mod Mod Mod World--so if you intend to view the Krewe of Orleanians march, be on the lookout for Nell, Eddie and son Arto--they'll be tossing lots of goodies to friends they happen to spot in the crowds.

LITTLE ARTIE is in line for a get well wish having recently suffered a broken finger while

## Value Showdown:

Match these features against what competition gives you for the same kind of money, and you'll have a better idea why more people are buying Chevrolet again this year.

### Built-in "guard rail"

There's a strong steel beam built into every door of every 1969 Caprice, Impala, Bel Air, Blacayne, Kingswood Estate Wagon, Kingswood, Townsman and Brookwood.

We call it a side guard beam, and it looks like one of those guard rails you see along the freeway.

That's what it's there for: To guard you. To strengthen the door and put a more solid wall between you and the outside world.

Not a glamorous feature. But you'll have to admit worthwhile.

### Computer-selected springs

Maybe you'll order your new Chevy equipped to the hilt. Or maybe you'll order it with hardly anything on it.

Either way, you're going to get your full measure of our renowned ride.

Because we go to the trouble of programming each car's equipment load into an electronic computer.

The computer then tells us exactly which springs to use, depending on the car's weight and the way it's distributed.

Chevrolet, the only car in its field with computer-selected springs.

Fenders inside fenders. We could have skipped this. (The other cars in our field do.) But we're so anxious to you

are to keep your beautiful new Chevy looking beautiful and new.

So, Up inside the regular fenders we've placed a second set.

They do all the in-fighting. Catch all the splashed-up rain, slush and road salt. Stop the kicked-up stones.

While your "outers" just sit there looking pretty.

### Astro Ventilation

The other two cars in our field give you air intakes down by the floor.

So do we.

We also give you two up on the instrument panel.

And all four of them are adjustable so you can regulate the flow of air just the way you like it.

Even with all the windows closed, you'll be comfortable inside. You get air without wind. Without noise.

Astro Ventilation is standard, now, on all the big Chevrolets.

### The theft-thwarter

On the steering column there's a lock.

Only Chevrolet has it in Chevrolet's field.

You turn the key and it locks three things: Your ignition. Your steering wheel. Your shift lever.

When you own a car this tempting, you don't dare take chances.

### Biggest standard V8 in our field

Ask any car enthusiast, he'll tell you: Chevrolet builds great engines. Especially V8s.

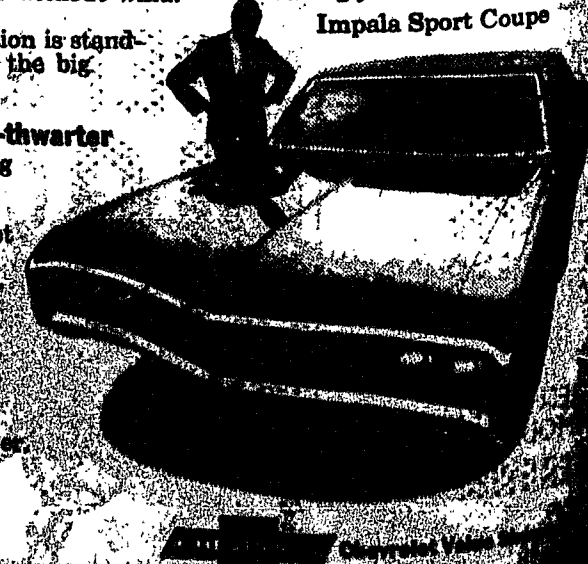

And this year there are six great V8s available for the big Chevrolet. Standard: Our 236-hp 327-cubic-inch Turbo-Fire.

Another thing: We've lowered the price of several of our bigger V8s along with our automatic transmissions and power disc brakes. Which makes it possible for you to buy a '69 Chevrolet for even less money than you could last year.

Show up for our Showdown. You can't lose.

Putting you first, keeps us first.

## the touch of His hand

**H**OW often have we looked with awe at the beauty of a rose garden...a masterful painting, the graceful lines of a great cathedral, or the skies on a dark, clear night. Really seeing these things convinces us that a tender, inspired, and strong hand has cared enough to bring forth the very best in each instance. Greater love and care can be wrought by the hand and Spirit of God when he touches a life. A transformation into the sublime, an awakening to the plight of others, and a desire to serve instead of rule becomes evident. The program of our churches is an extension of His hand. Let's be diligent in attendance, an active participation in all church activities, and see that our children are with us to experience the love, the strength, the guiding light... the touch of His hand. Let's attend church this, and every week!

## SEVEN DECADES OF PROGRESS

1899

1969

This year Hancock Bank begins

its 70th year on the Mississippi Gulf Coast.

A lot of history has been made

during these exciting and sometimes chaotic Seven Decades. It is gratifying to us that during these years your Bank has continued to progress despite economic depressions, social upheavals, wars and hurricanes. And it is you - the good people of the Mississippi Gulf Coast - who have made this possible.

So it is only fitting that this year,

as every year, the Hancock Bank pledges its continued devotion to progressive banking principles and sound practices.
